Lunch break time should be allotted 1 hour

Reduce college time

Need an option for the students to select electives of their specialization

I don't have enough words or time to explain all the problems.

We are here for the support keep going

Proper ppts and notes are to be given .

Problem papers tutors are to be more concentrated to write and explain things properly

More non academic support is needed from the college.

Provide more management activities.....

if it is possible change the retha sabu miss.. her class is very boring and not understandable.

Construct new collage campus have more space

Need to improve hostel food and facilities...
And bring more cultural events...

None

Just continue up all those things in good

There should be more intuitive activities which would help the student to be in a supportive mind and have a mutual connection with others in the campus

The chair in our class is not convenient to us.

Lunch break is less

If there is a time for other activity..it might better than this

Fees structure is a little bit higher.

Adapt situation for real life experience

Using of ICT tools and digital learning facilities can be increased.

Nothing special...everything is good

Excellent

Syllabus is so outdated, a major revision on the same should be considered by the the university

No suggestions

1. make a online questions bank for students.
 2. If you want to achieve grades in kalolsavam and other events let them practice for months.(Example for this would be complaining about not getting grades in kalolsavam for skit because the team and script was made in a week and was made to practice roughly a 6 days to compete against other colleges who have practiced for months)
 3. Let the students know about their attendance status before it's below the required rate
 4. Teaches and students should have good relationship and not partiality or TARGETED HATE
 5. Better canteen would be nice. Not having to leave the campus to get a decent meals the is not over priced or taste like dog food
- And finally do know that the college doesn't have a good name people says it works like a high school and it does
